KAJAL SETPAL

interior designer

Qualified Interior Designer with over **three years of international experience** in the interior design and event management industry. As an enthusiastic **team player** with past experience I bring to the table a sense of **maturity and time management** skills. My personal design style is **modern and artistic**, with a flare for **form and function**. Incorporating a holistic approach, I aim to design spaces that give its users a unique **integrated experience**, while providing **effective layouts** and **clever problem solving**.
