

PRODUCED BY ALEX ESCOBAR ESPINACH

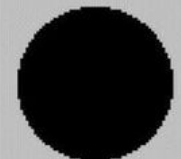

The season of this collection will be Spring-Summer, for the reason of keeping in touch with the topic and the color palette chosen. The target is directed to young women who likes to be comfortable due to this touch of sport look and also to be sexy and daring for the extravagant combination of colors and also for the combination of patterns normally used by the brand.

The lingerie collection is produced in collaboration with Versace, a brand which underwear involves a very sporty and colorful look. In this lingerie collection the topic will be the Renaissance art, in fact, to make a beautiful connection between the delicate motives of the chosen artistic period, respecting the brand's identity and making a collection where sport and the delicate feeling of the Renaissance meets.
