vgaunas@hotmail.com

veronicagiag.portfoliobox.net/

My name is Verónica and I have 23 years old, born in Tarragona but currently live in Barcelona.

I studied at LCI Barcelona-Felicidad Duce University.
When I finished my career I started working as a intern designer in T2TSolutions.

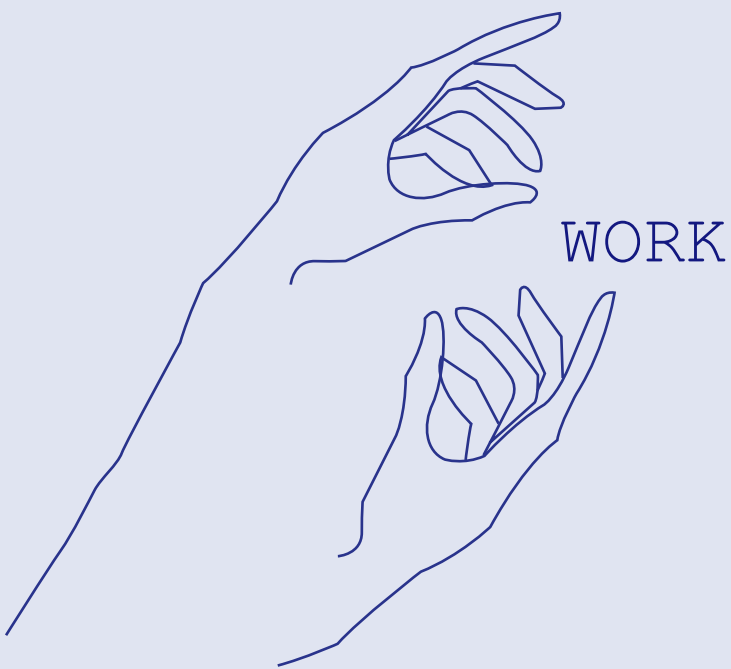

Making reference to languages, I have Spanish and Catalan as native languages, English with level B1 and the basic level of French and German.

Curious and ambitious, always prepared to learn something new.
I like to work in a team because everybody can contribute different ideas and get very good results.

Meticulous and organaized, enterprising and creative, hardworking and constant.

I like to meet new people because they always give you something positive to learn.

My professional goal is to be able to work on what I like,fashion design.
Although I dominate the pattern making and confection, my passion is the design and management.
