 - Pilots
 - Weather Experts
- Working Place:

 - Through Canada
 - Partner with outside Canada

Inspiration Board & Concept

As a law firm, I think the main words of their company are serious, comprehensive, rigorous, and professional. So that my concept is "rigorous, meticulous" Black, white, and gray will be my main colors and modern furniture will be my choices. Because the company has a large number of people, and each lawyer needs an independent office to talk to clients, and the company needs a place to meet, the space planning must be rigorous. Color choosing is basic the simple black and white to represent the serious feelings and the gold color will be the decorations to enhanced a little bit relaxing feeling for the staff.

Floor Plan

- LEGEND**
- 1. Entrance
 - 2. Waiting Area
 - 3. Reception
 - 4. Working Area
 - 5. Print Room
 - 6. Washroom
 - 7. Principle Office
 - 8. Manager Office
 - 9. Principle Office 2
 - 10. Principle Office 3
 - 11. Private Lawyer Office

General Bird View

Based on the concept, the centre will be the large reception and separated waiting area for customers who either want to meet with the lawyers or the managers of the company, the large working area is provided at the back of reception which also will be using as the meeting room if is needed. The left side is the lawyers' private office and the right side is the managers' and CEO's office, large scale of dark carpet using through the company and light wall is provided, those two become the basic idea for the customers.

Renderings

The reception is using a wood texture table with the symbol of the company is the back to decorate the space, waiting area is using the same idea on the furniture in order to make the customer have better feeling.

Office using the stone texture back wall to enhance the feeling of clam, several window provided to relaxing the staff
