What is Timun Emas About?

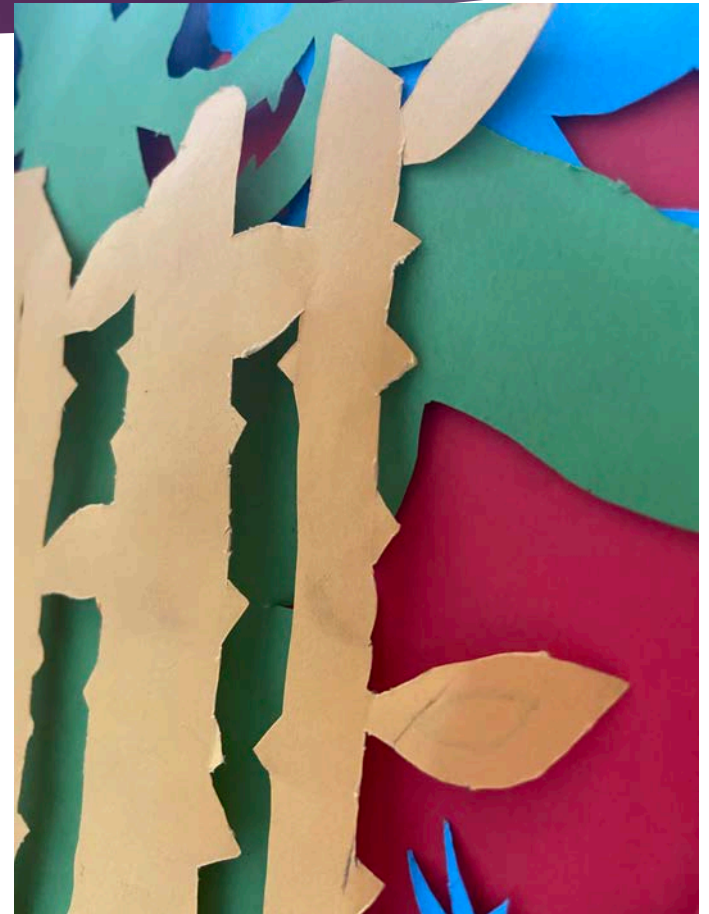

- ▶ The Javanese story *Timun Emas* is about a young, kind-hearted girl named Timun Emas, who desperately tries to protect herself against a villainous green giant, who wants to eat her.
- ▶ A Javanese woman, Mbok Sirni, longed for a child and eventually had to make a deal with the giant that the child be given to him when the right time comes.
- ▶ Eventually, when Timun Emas grew, the giant chased after her and she used three magic bags to survive against him, who was eventually defeated.
