

# ERIC CAPOVILLA CAPOVILLA CAPOVILLA

## //PROFILE

The best way to describe myself would be probably very creative, being born in March, which is the month of the sign pisces, that really connects to the idea of daydreaming and all of this brain area. In fact, a more realistic description would be an artist. Painting, drawing and doing sculptures is part of our work. Born and raised in the country side of the state of São Paulo. British Columbia was home during high school and first year of university. Completed a literature course at the University of Victoria. After decided to study abroad, The University of the Arts London gave me a place on their advertising program. Afraid of leaving this country, decided that Montreal could be the last page of my book.

Currently, I am studying Arts and Design college level, seeking to finish my undergraduate at Concordia University or UQAM.

## //EXPERIENCE

Sales Advisor, **Hennes & Mauritz H&M**, 2018

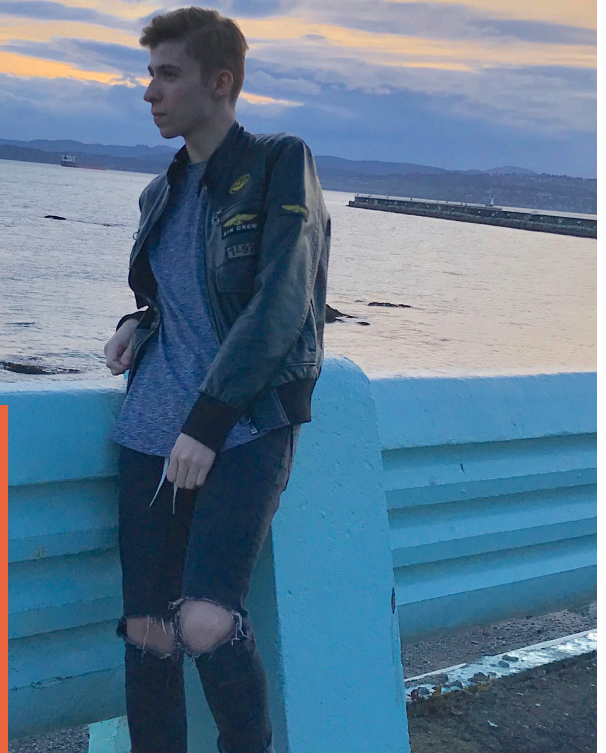

*My job is to guide and help our customers in every way. Whether it's on the sales floor, in the fitting rooms or at the cash registers I need to inspire our costumers with the best from fashion. I was considered best customer service by a client.*

Team Member, **Freshii**, 2018

*Freshii is a very diverse and dinamic company. Working by making healthy tasty food to our costumers and bringing joy to them by offering organic, natural and also vegetarian to a variety of people. I also was a cashier by organising the transactions and orders.*

Front Office, **Willy Macedo Imóveis**, 2013

*The real estate is a family business and I had the opportunity to work in the front desk and help clients that are looking for new housing opportunities. Also worked as creative designer and helping the real estate through the social media and logos for a commercial purpose.*
