Pixologic ZBrush

### **SKILLS & ABILITIES**

---

I'm an organized student who works well independently and as part of a team, enjoys creative problem solving, is eager to learn and responds well to criticism.

My background in graphic design means I have a good eye for composition, colour and style.

As a student at LaSalle college Vancouver I am well adept in the management of multiple tasks and the need to meet narrow deadlines.

I am also well accustomed to working under pressure for long hours and always strive to deliver my work at the highest standards possible.

Growing up in Venezuela one of my hobbies was origami, an activity that taught me the importance of patience, persistence and attention to detail.
