"D' APPLE FROM THE TREE"

ILLUSTRATION

2017

The powerful bond between
a mother and daughter,
is like trying to slash a water.
Impossible to break.
Sometimes I don't know what's scarier.
When a daughter try to act like her mother,
or when a mother try to act like her daughter.
It's like seeing an unseperable twins.

"THE UNKNOWN CAT SPIRIT"

ILLUSTRATION

A tiger is often to be considered as the ruler of the natural world. It symbolized strength and courage. However, I personally think that a tiger, is actually a big cat that comes with a mask. A mask that build the image of what tiger is perceived in the eyes of animals and the society.

(FINAL IDEA)

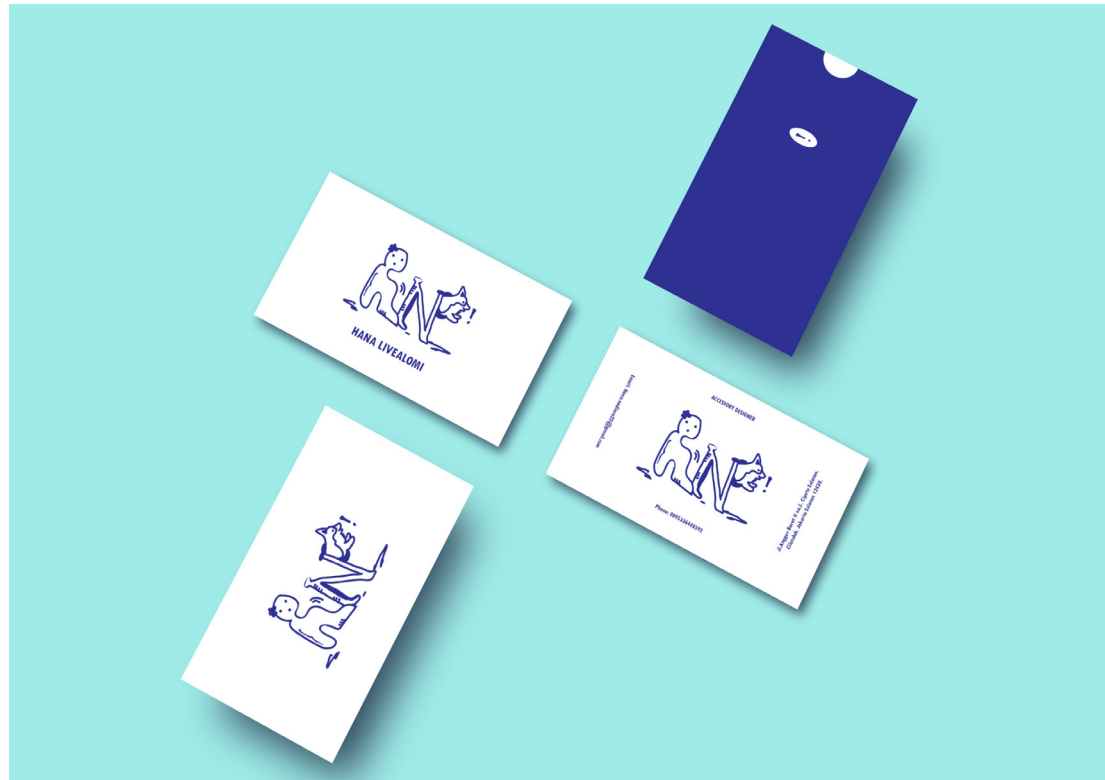

The logo is also inspired by the butterfly's life cycle, as Recyclen could change plastic waste into beautiful accessories. Which is why, the colorful beads came out from the plastic. The vibrant color of the beads represented the diversification of the brand's product.

BUSINESS CARD MOCKUP

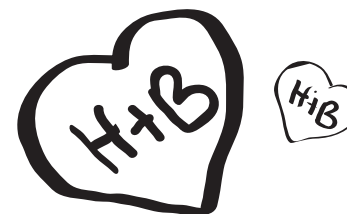

This is my personal identity logo.
It's a doodle about me and my dog that
was formed into my initials.
In this logo, I draw myself with my dog
as I don't only see him as a pet,
but also as my one and only
friend in the house.

SELF IDENTITY LOGO

Sometimes my dog could be annoying
as he loves to bark,
However, he gives me comfort.
He loves to communicate in his own way
through gestures and barkings.
So I felt that,
I could show my true self, my true identity.
When you are with your pet,
you could never be a fake person.
