Personal shoes - project

Modern classic

# Personal shoes project

The shoe project is a project to create a shoes brand and learn not only clothes but also shoes.

My topic is modern classic.

#### Brand Purpose

Good shoes take you to a better place

Uses rhinestones and pearls to give a classic and elegance look,

Low and medium heels, for reducing strain on feet

Use 30 mm to 70 mm heels

Shoes in this collection include loafers, ankle boots, Marry Janes, Kitten Hills, pumps, Sling backs and Mule.

#### Target market & Stockinglist

Targeting women aged 20 to 35

Annual salaries between \$30,000 and \$50,000

It begins in Asia as a pop-up store, which requires relatively little budget compared to the U.S. or Europe.

Check people's perceptions and consumer responses, starts brands offline and online, and expands offline stores to the U.S. and European countries.
