Graduated in fashion design by LCI Barcelona (FD Moda).

I consider myself a proactive, creative and hard-working person. I like teamwork to obtain the best results, without forgetting personal projects to continue growing more individually. I am eager to continue learning and improving day by day in my professional career.

My goal is to be part of a company in which I can develop all the knowledge that I have acquired at university and also personally in recent years.

I am a great fan of the history of cinema, the different cuisines of the world and traveling. My perfect trip does not end until I have found the most representative restaurant in the place.
