## DESIGNER STATEMENT

At a young age, my parents influenced me, who was an artist and a photographer, to be fascinated by the art. I have discovered my desire and love of art and decided to enter the "design" field after moved in from South Korea to Vancouver, Canada. Completed foundation of the art in Emily Carr University and studied graphic design and interior design in LaSalle College of Vancouver.

I am passionate about all of the "art" aspects. All of the materials and colours inspire me to create. I love to create abstract artwork by doodling that is come from my unconsciousness to reflect myself. It leads me to develop ideas of designs. Now, I have a desire to create the design and discover to reflect the client's life. I believe that we are all artists due to we create, develop, and design our lives.

# ACNE STUDIOS

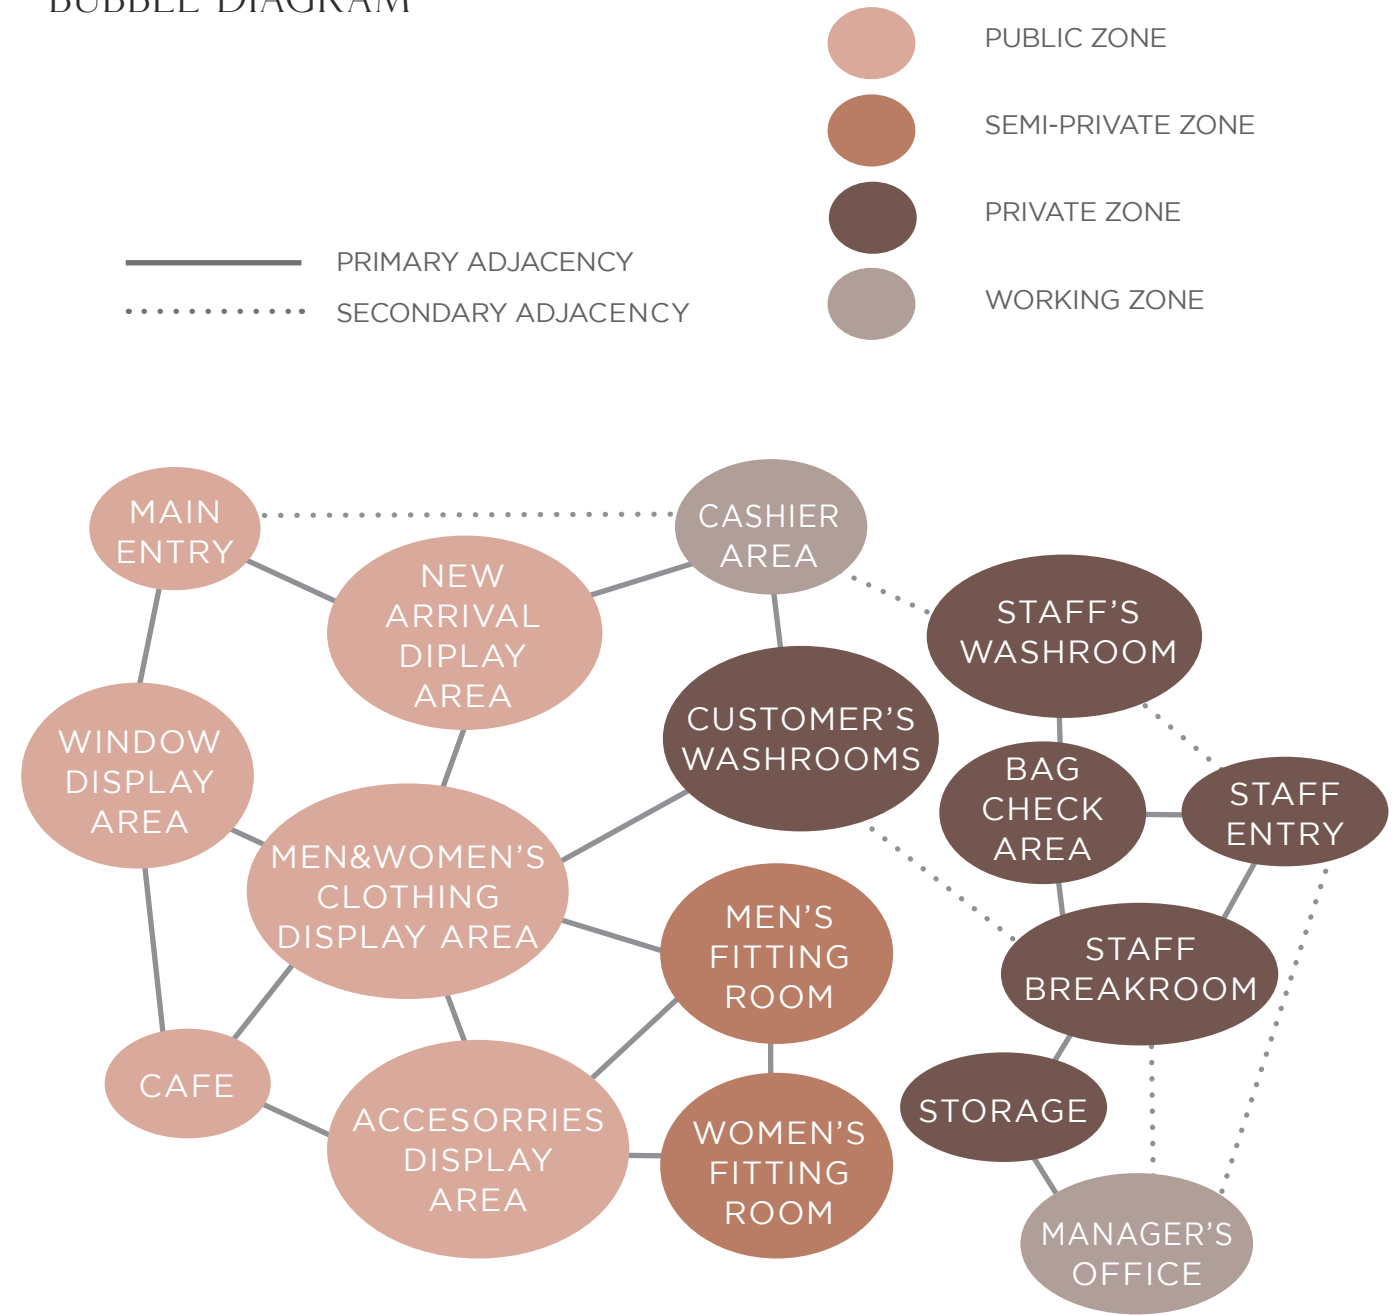

This is the project to design the “first” Acne Studios store in Vancouver, BC, Canada. Acne Studios is a Stockholm-based fashion house with a multidisciplinary approach. The brand was founded in 1996 by the current creative director, Jonny Johansson. His passion and interest in photography, art, architecture, and contemporary culture have seen throughout its products, collections, and campaigns. The brand is identified by its contemporary minimalist tailoring and design of its products and store environment.

## SITE ANALYSIS

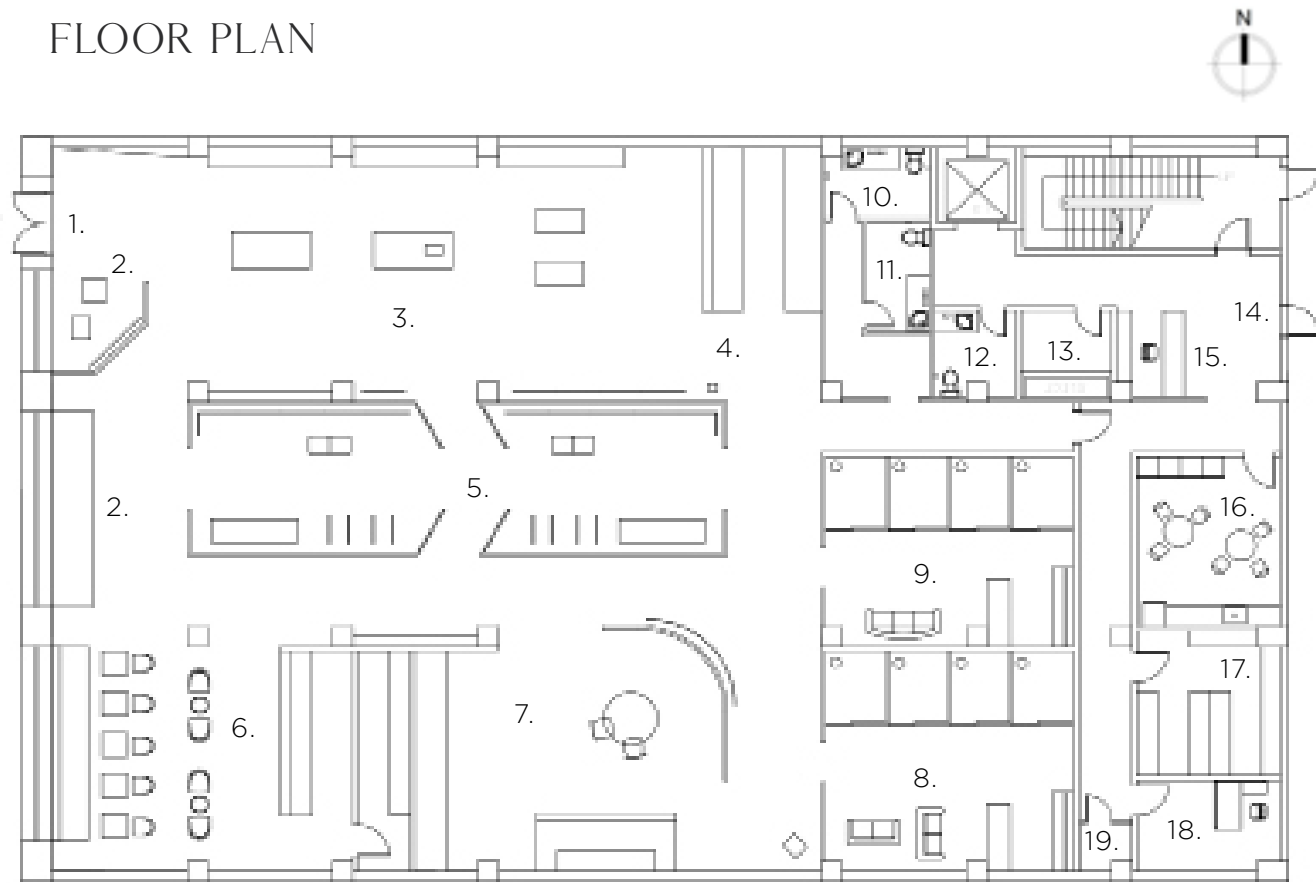

To create a new space and brand's style with a new concept to be independent of the brand's style but still recognizable design concept. It will harmonize with the brand's own original style and new signature interior look.

# LEE'S FAMILY RESIDENCE

This residential design project is to create a living space for Lee's couple and their two children. The design focused on their lifestyle, which is the family will spend most of their time. Each family member will have both of their own private space and sharing space to be together. For a father, who has numerous tasks as a lawyer, a home office, and a large bookshelf will locate in the middle of the house as an open area to the family can enter this area. For a mother, who loves to cook, a kitchen will locate near easy access, and it will be open space to a dining area.

PROJECT 3  
HOSPITALITY DESIGN

Location: Tofino, BC  
Size: Approx. 1300 sq.ft.  
Software: AutoCAD, SketchUp, Enscape

# HH BOUTIQUE HOTEL

This hospitality design project is to create a space for accommodation and wellness. The location of Wickannish Inn kept as hh boutique hotel's location. The boutique hotel will locate between the ancient rainforest and Vancouver Island's west coast. People can have a beautiful experience in nature with various services while staying in this boutique hotel.

The hh boutique hotel is for couples, large groups of people to have events or meetings, people with their pets, family with kids and people who want to explore and have a particular time in nature.

The hh boutique hotel's design concept is to be in harmony with natural materials and modern nature. Each space will provide people feeling of relaxing and reviving. Large windows for skylight, natural lighting, starlights at night, wood elements, and modern design furniture will make warm and cozy places.
