

CHILDREN'S COLLECTION

INSPIRATION

My inspiration was the kind of love that goes wrong, in a psychological but also physical way, and from that it evolved to the feeling you get when you are in a bad relationship, and from suffocation to it's most literal form, asphyxia.

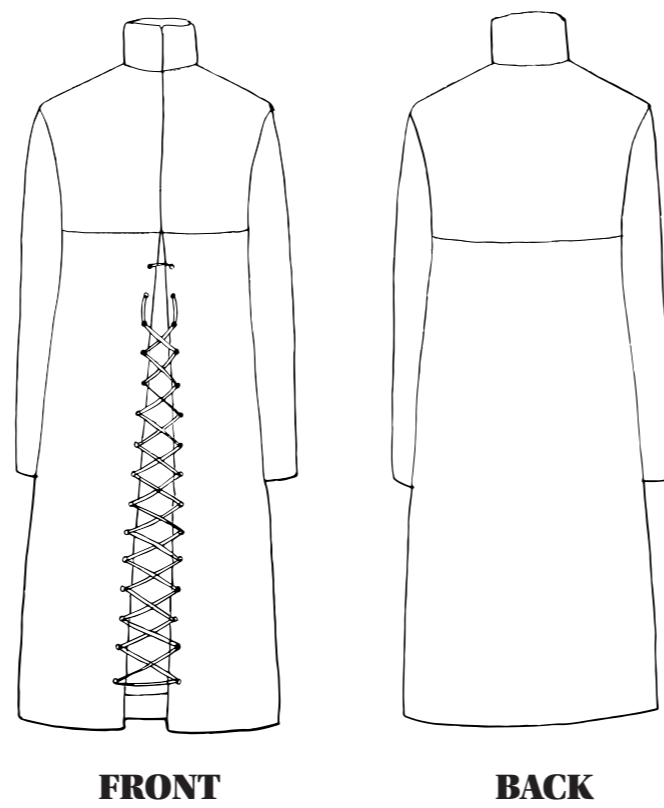

I also related the concept of asphyxia to cables and threads, and how we can apply them in clothes as this symbol of constriction and suffocation, but in this case, in a more playful way since I didn't want to constrict all movement as it's a children's collection.
