

STEKE

SHROOMIES COLLECTION

5/5 2021

PREFACE

Steke is a fashion brand that makes fashion accessories using canvas as the main material. Bags dominate the products that Steke offered. These bags can help customers adjust the size according to their preference. With Steke's bags, customers will not need to purchase too many bags.

Steke aims to be the first fashion accessories brand Indonesia to use cross stitch treatment on bags.

SHROOMIES

Mass consumer appeal, a trasseasonal quality and wellness attributes have secured mushrooms as an essential motif for all ages. A new wave of interest in psychedelia have ignited an influx of fantastical fungi graphics.
