INTRODUCTION

HOW DOES THE HOTEL WANT TO BE PERCEIVED?

For most people, it is a hotel with high-cost performance. People can choose rooms according to their economic strength, and good room scenery will be better and more comfortable. Rooms with a slightly lower price may not have such good scenery, but comfort is not bad. All guests will be provided with a very appropriate service.

WHAT ABOUT THE LOCATION

The Hotel is located in Hainan, which is a tropical monsoon maritime climate. The four seasons are not clear, summer is not very hot, winter is not cold, the temperature of the year is less, the average temperature of the year is high. It's a perfect island for a holiday. Usually, there are lots of families and couples visit Hainan to enjoy their vacation. The food here also has its own features, such as Wenchang chicken and Hainanese chicken rice. It also produces some common tropical fruits, such as mangoes and coconuts.

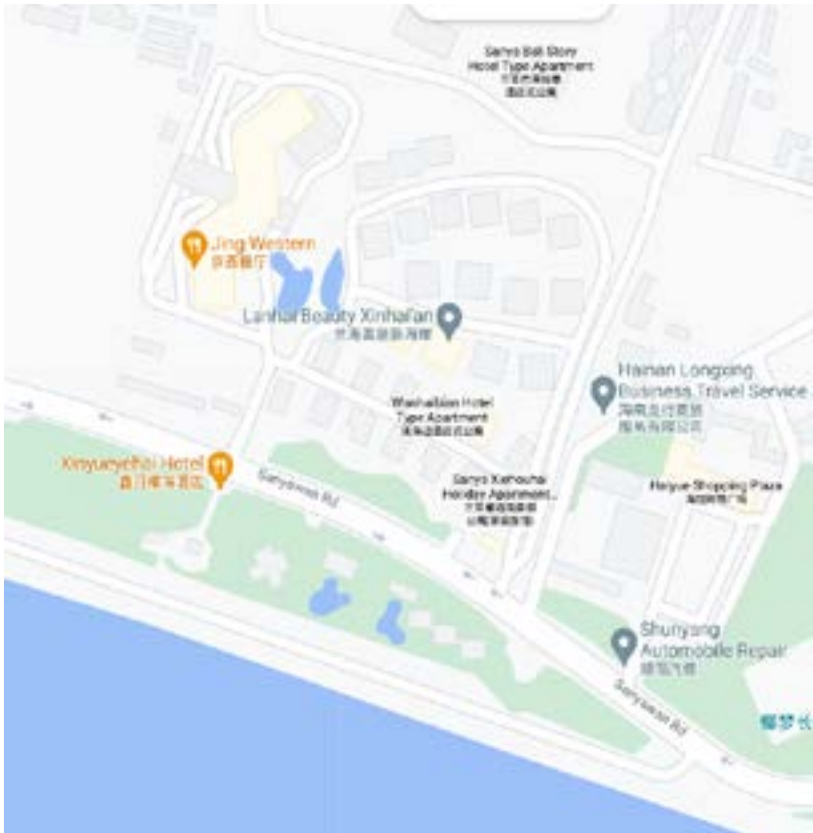

WHAT IS THE HOTEL ALL ABOUT?

It is a beach family place get away to. It provides a place for customers that they can relax, they could enjoy the sea and beach in Sanya and forget the reality for a while. It also provides a SPA, entertainment facilities for children and adults.

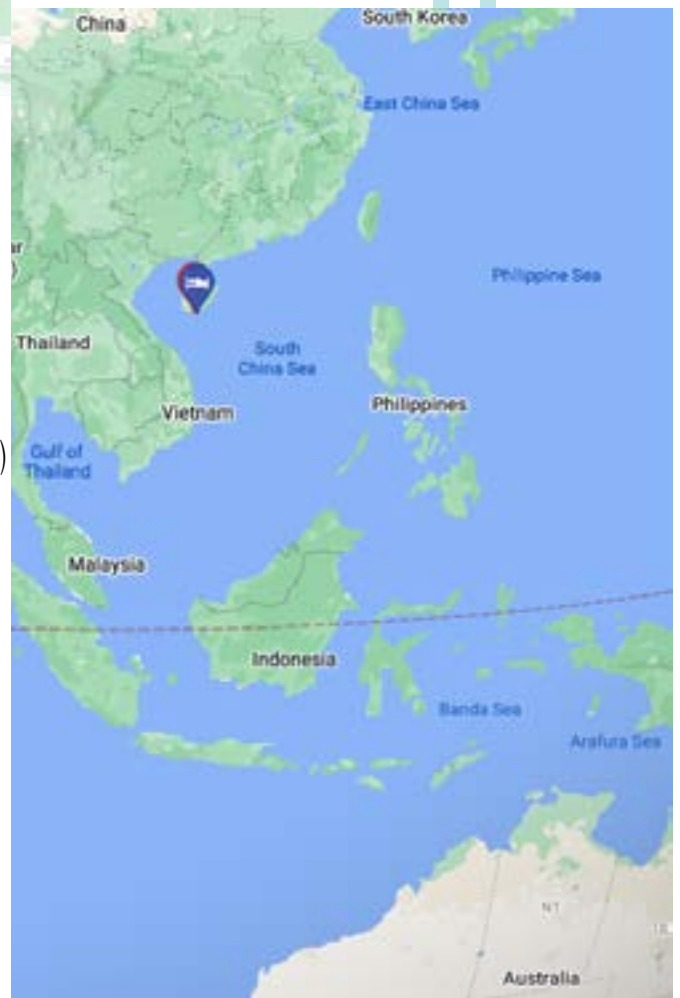

WHAT IS IMPORTANT

Soufrier Hill Volcano, there is an volcano on the island, which means need to focus on the size and connection with other parts of center.
