New York, NY 10018

To Whom it May Concern,

I am currently looking for a three to four week internship opportunity in New York City and Calvin Klein is a company in which I am highly interested.

As you will see in my resume, I am graduating from the Fashion Marketing program at LaSalle College this spring, and have around 3 years of experience in the fashion industry. To finish my studies, I have 105 hours of unpaid or paid internship to give to you and I would love to acquire more experience as part of your team.

My studies, my experience in the fashion industry as well as being the logistics director for LaSalle College's graduates final project have helped me become familiar with promotional and communication activities as well as developing my organizational skills.

I know I am the perfect fit for your company because I am fascinated and curious about everything related to media, communications and influencers. I will be pleased to work in an environment that I love and am passionate about. Your agency speaks to me like none others, the value and importance you give to building personal relationships relate to me.

Looking forward to hearing from you.

Kind regards,

Adrienne Dansereau
