Dear Ms. Maryia Marino,

Allow me to intruduce myself. My name is Raquel Ortiz, I am a Fashion Marketing student who will be graduating from LaSalle College this up coming May. After the interview that we had in class with you, I I have got interested and passionate about what you do at Lamour. I am very interested in the oportunity for an unpaid intership with your team. I have always been interested in this field and much more after our class interview, I can say that you inspire me.

As a Fashion Marketing student, I am very excited in learning and ex-
periencing more about your role in the company.

High social qualities, good communicator, ability to work in teams,
and high adaptibility to drastic and drupt changes are some of my
potential skills. Also high creativity, and focus when developing new
ideas. Broad vision of the market, and improvement possibilities such as
quickly determinating the strengths of a product.

Going forward, I would really like to be part of your team at Lamour
and help coordinating all the necessary processes.

Please feel free to contact me if you wish to meet in person.

Sincerely,

Raquel Ortiz
